

Welcome to Magic North

Magic North is a company with decades of experience in organising tailor-made event programmes for the corporate market.

Our major asset is our extensive contact network . We have organised many exciting, successful events the like of which have never been held before in Norway.

Right outside our door we have wondrous Arctic experiences, magical nature and culinary delights, all here in the exotic north. We have the natural resources around us to help create an unforgettable theme around a conference, seminar or meeting.

Options are the key when putting together an event - our detailed knowledge will help make the event run as smoothly as possible. It is often the smaller details that make the difference between the mediocre and the memorable - whether it is finding just the right location or the right type of activity for your event.

We plan and arrange all events in close cooperation with customers, so that you can follow developments from start to finish.

We put together a package that includes everything; transport, accommodation, activities and experiences - as well as the all-important culinary element. With our help, you can carefully combine various professional and social elements to make the event a resounding success.
